

Tactical Stun Flashlight (JTF93R) Instructions

CHARGING

The unit comes preinstalled with a rechargeable battery. Using the included USB charging cord, plug the micro USB end into the charging port on the stun gun. Then, plug the opposite end into your USB charging device (computer, wall or block charger, or car plug). The indicator light will turn red when charging. The indicator light will illuminate green when fully charged. Charge for 6-8 hours. Recharge the unit every two months or when spark appears weak. **IMPORTANT: Do not charge for more than 8 hours at a time.** Overcharging can damage the unit and void the warranty.

LED FLASHLIGHT

Make sure the unit is fully charged before first use. When not in use, the Function Switch should be in the middle position. To use the flashlight, slide the Function Switch to the up position. *Note: repeating this step will change the flashlight mode.* The flashlight modes are Hi, Low, and Strobe.

STUN

To use the stun, slide the Power ON/OFF Switch to ON which is located on the button of unit. Then, slide the Function Switch to the down position, and press the Stun Activation Button. **WARNING: Don't test fire for more than three seconds.**

USING THE STUN FLASHLIGHT IN SELF DEFENSE

1. With the Function Switch in the down position, touch your assailant's body with the contact probes, and press the Stun Activation Button.
2. Touching anywhere on the assailant's body will have an effect. However, the maximum effect is achieved in the areas shown to the right:
3. When touching the assailant's body, you will not see or hear the electrical charge as you do when the unit is test fired. You can hold down the trigger for more than 1 second, as this will not damage the unit, as it will when being test fired.
4. You do not have to be concerned about the effects of the charge being transferred to you. Even if the assailant touches you while being stunned, you will not feel the effects of the charge.

EFFECTS OF THE UNIT ON AN ASSAILANT

1. Touching an assailant for less than 1 second will cause minor muscle contractions and have a repelling effect.
2. Touching an assailant for 1 to 2 seconds will cause muscle spasms and a dazed mental state.
3. Touching an assailant for 3 to 5 seconds will cause loss of balance and muscle control, total mental confusion, and disorientation. All effects to the assailant are temporary; the stun gun can cause no permanent harm. *NOTE: The device should not be used for longer than 5 seconds.*

WARRANTY

There is a lifetime warranty period that covers defects in materials or workmanship, with the following exceptions:

- The warranty does not cover damage resulting from accident, misuse or abuse, lack of reasonable care, water damage or excessive moisture, the affixing of any attachment not provided with the product, loss of parts, or recharging the unit in any manner not in accordance with the included instructions.
- The warranty will be voided if the unit has been opened or tampered with in any way (unless by an authorized dealer) or if any unauthorized replacement parts have been used.
- The warranty does not cover corrosion in the battery compartment caused by long term battery storage.

NOTICE

Purchaser must check and abide by all local laws governing the possession and use of stun guns. In addition, the stun gun must only be used in a lawful manner for self-defense. *NOTE: Not to be used on children, persons with heart disease, or any vital part of the human body.* Not to be stored or used in environments where it is damp or humid or where there are extreme hot or cold temperatures. Do not use on metal objects.

CONDITIONS OF SALE

Purchase of this product is an agreement by the purchaser/user to hold all sellers and manufacturers harmless of all liabilities and damages. Purchaser also agrees to use product only in a lawful manner. Consult your state and local laws.

TO OBTAIN SERVICE

Contact the Authorized Dealer from whom you purchased this unit for a Return Merchandise Authorization. The return unit must be sent postage prepaid and proof of purchase is required. Damage or loss occurring during shipment is not covered by this warranty.
